

KÓ WON – Project Overview

"Affordable Skills. Endless Opportunities."

| Project Name

KÓ WON

| Meaning

KÓ WON is a Yoruba phrase meaning "It's Affordable." The name reflects our commitment to making skilled services accessible and affordable while creating income opportunities for students.

| Project Description

KÓ WON is a digital platform that connects skilled students with individuals and businesses seeking affordable and reliable services. The platform provides students with opportunities to earn legitimate income through side hustles while helping customers quickly find trusted service providers for their needs.

| Vision

To become Nigeria's leading student-powered service marketplace, empowering young people with income opportunities while making quality services affordable for everyone.

| Mission

To bridge the gap between talented students and customers by providing a trusted, secure, and user-friendly platform that promotes employment, entrepreneurship, and affordability.

Problem Statement

Many Nigerian students possess valuable skills but struggle to find clients and earn income while studying. At the same time, many people need affordable professionals for everyday services but find it difficult to identify trustworthy individuals.

Solution

KÓ WON provides a platform where:

- Students can create professional profiles showcasing their skills.
- Customers can easily search for and hire skilled students.
- Both parties can communicate securely and complete jobs efficiently.
- Students gain work experience and income while customers receive affordable services.

Target Audience

- University, Polytechnic, and College students with marketable skills.
- Individuals seeking affordable services.
- Small businesses and organisations looking for skilled freelancers.

Services

Students can offer services such as: Graphic Design, Web Development, Mobile App Development, Photography, Videography, Makeup Artistry, Hair Styling, Plumbing, Electrical Repairs, Home Cleaning, Tutoring, Writing and Editing, Digital Marketing, Fashion Design, Event Services, Computer Repairs, and other skilled services.

Core Values

Affordability, Trust, Quality, Innovation, Opportunity, Empowerment.

| Long-Term Goal

To expand KÓ WON across Nigeria and eventually throughout Africa, creating thousands of opportunities for students while making skilled services more accessible and affordable.
